SERMONETTE

FOOD FOR THOUGHT

"WHO MADE GOD?"
Before . . . thou hadst formed
the earth and the world,
even from everlasting to
everlasting, thou art God.

Psalm 90:2
A six-year-old lad once came
to his mother when she was very
busy and blurted out the question
"Who made God?" Being in an
irritable mood, due to the pres-
sures of the moment, she sternly
replied, "That's enough of your
silly questions. Run outside and
play!" The child, crestfallen, made
a speedy getaway. Another mo-
ther more spiritual, was appro-
ached by her little one who asked
in a similar vein, "Mother, did
God make Himself?" This dear
saint, realizing that the spiritual
questions of children are very
important and must be answered,
dropped all she was doing and
sat down with her youngster for
a little talk. Pointing to her wed-
ding band she said, "This is a
'love ring' which your daddy gave
me when we were married. Look
at it closely and tell me where
it begins and where it ends." The
youngster examined it and then
said, "Mother, there's no starting
place and no stopping place to a
ring." The mother replied, "Just
so, my boy, it is with God. He
had no beginning and will have
no end, yet He encircles our lives
with the 'love ring' of His pres-
ence. He is too wonderful, too
great, for our poor minds to
comprehend; but His wisdom,
might and beauty are seen in the
many things He has created. No-
body ever made God — He always
was!" Although the boy did not
understand completely, his young
mind was satisfied and his faith
strengthened.

Finite humans cannot hope to
comprehend fully a Being who
always was, and who will be; yet
faith may come to rest upon the
Word of God which tells us that
from "everlasting to everlasting"
He continues to be the great "I
Am" who only "hath immortal
ity." As the stamp of eternity is
upon all of God's actions, we may
rejoice in the fact that He there-
fore can impart to us, through
the merits of Christ, "everlasting
salvation" and everlasting joy!"

THOT: In an age of false super-
latives, we must remember
that only God is "great!"

A Weyenberg Massagic is made to be a very giving shoe. Nice to you even if you're tough with it. And there's no secret to making one. All you need are the best leathers in the world. A double rubber cushion in the heel. An air-celled rubber cushion in the sole. A steel shank for extra strength. And a custom engineered molded sponge rubber support for your arch. In fact we're surprised that nobody else makes a shoe quite as comfortable. All they need are the above ingredients, some patience and Weyenberg's experience.
